### Bio

Scott Litzman was born in Texas and moved to Indiana when he was nine. In his 20's, he laid down his roots in Northwest Arkansas, with a wanderlust heart this will always be home.

### Artist Statement

Scott's love for all types of art began at an early age and has grown each year. He works mostly with acrylic paints and in a contemporary style, however he is always exploring various styles and themes. Presenting his work in a different and fresh manner such as paintings extending onto the frame is often something Scott looks to achieve. Always a kind spirit and playful soul you will see in his works.
