## Bio

Primarily a fiber and ceramic artist, Mary lives in Van Buren with her husband and 3 kids. She has her BFA in Ceramics from U of A and her MFA in Craft/Material Studies from VCU. She works out of the studio in her backyard.

## Artist Statement

Family and home have always been my focus. Currently I am thinking about the life a family creates together. I love how different personalities complement and bring out the best in one another, and it fascinates me that such different siblings can come from the same home, upbringing and parents.
