**Bio**

Haley Pendleton is an artist living in Fayetteville, AR, working primarily through the medium of painting, fiber art and textile design and manipulation. She received her BFA in Fibers from Savannah College of Art and Design.

**Artist Statement**

I seek a sense of nostalgia in my work that reveals the past, hinting at the secrets of memory that tethers, binds and forms the now. There's beauty that enwraps it all at a glance, beckoning back what was. To me, art is a constant. It is the vehicle to a steady refuge; art is a language that transcends all brokenness and speaks in the midst of it.
